Advance-Nilfisk Parts - Think about how long and tedious it will really be to clean-up after a party, without help from equipment. Previously, the dust from upholstery and carpets had to be beat out of them manually; cleaning cloths, brooms, and brushes were the best cleaning products during that time.

The man who founded Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After establishing his business during the year 1906, he began to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the beginning was to own a worldwide company marketing products internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which could be operated by one individual since it only weighed 17.5 kilos! This invention came in a time where many cleaning machines were huge and required at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning machines offer an excellent solution to an ongoing crisis; stuff get dirty and must be cleaned frequently, without a lot of effort.

Slowly but steadily, Nilfisk-Advance grew all through the decades. During the 1980s, this expansion truly happened when the business became a part of the NKT Group. Their new owners' drive and concentration made Nilfisk-Advance take a huge leap forward within the industry, aspiring to be among the largest global players in the market of professional cleaning equipment. Nilfisk-Advance is currently located in every part of the globe by steadily acquiring lots of small businesses so as to develop their product portfolio and presence in new markets. They are proud to provide a variety of cleaning solutions to meet every need.
