

Rockwell Parts

Rockwell Parts - AxleTech International is a premier dealer in the world of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its clients' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for service, technology, delivery and quality. They believe in working in an atmosphere which encourages the highest integrity with empowered teamwork, combined with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great importance on being an environmentally conscious company and offering a safe environment for their staff to work in. What's more, they have applied a lot of programs in the company to help articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any questions or comments, as they are happy to promote and share this policy with a greater understanding of their efforts. They are really dedicated to improving and preserving the environment. AxleTech has an EHS program which not just protects the environment but which even actively protects their workers and neighbors as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both commercial and military applications. These applications range from airport ground support to construction equipment. AxleTech specially designs axles to be able to meet certain application demands. They have over 1000 various axle specs within their present offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The company is well known in several military and commercial applications. They offer complete axle assemblies utilized for aftermarket replacement requirements, along with servicing axle requirements for OE production. Their high mobility ISAS have extra details that can be found in the "ISAS" product collection.
