

Concrete Hopper

Concrete Hopper - The self-dumping hopper attachment can automatically start to both dump and release as soon as the bumper release contacts the side of a dumpster. As soon as unloading is completed, the hopper can return to original upright and locked position. This piece of equipment even comes along with a cable that enables operation from the seat of the forklift to be able to have the choice of manually dumping the hopper. There is a locking chain provided so as to lock the hopper to the tine truck. This particular product is made with reliable and consistent robotic welds for utmost strength. The lift truck dumping hopper even has a blue powder coat finish so as to maintain durability.
